

Requirements for Meter Installations/Reinstatements

Name: _____ Subdivision: _____

Service Address: _____ Phone: _____

City/zip code: _____ Email: _____

- Applicant shall provide proof of ownership to property for which service has been requested in a manner acceptable to Bethesda Water Supply Corp. (Bethesda). Proof of ownership shall consist of warranty deed or other recordable documentation of fee simple title to the real estate designated to receive service. If deed is in a business name, Bethesda will need a legal recordable document stating who is authorized to sign on behalf of the business.
- Membership application packet must be completed.
- All applicable costs for meter, installation, membership fee, all impact fees and CSI Inspection fee are to be paid before meter can be installed.
- Bethesda Water Supply has contracted with Hardin & Associates to perform all CSI Inspections. To schedule a CSI Inspection, you must either call them at (972) 823-8800, email them at admin@hactexas.com or schedule online at www.hactexas.com.
- Landscape irrigation systems on property that have **On-Site Sewage Facilities** (such as a septic tank or aerobic system) are considered a health hazard cross-connection to the water system due to the potential of backflow from the sprinkler heads entering the public water supply. TCEQ requires the installation of a **Reduced Pressure Principle Backflow Prevention Assembly (RP)** on irrigation systems that have on-site sewage facilities, chemical injection, or an additional water source.
- All backflow assemblies are required to be tested when installed by a licensed backflow prevention tester. If a health hazard exists, the device must be tested annually thereafter. Original and annual backflow test results shall be submitted by the tester to SC Tracking Solutions; cs@sctrackingsolutions.com; phone # 866-232-0174. Bethesda Water Supply Corporation's system ID number is 751214680.
- Prior to establishing permanent water service, the property owner will be responsible for making sure the Customer Service Inspection (CSI) and Backflows have been completed and submitted to Bethesda.
- All meter installations will require the above prerequisites before a Membership and/or continuous water service to new construction. **Failure to complete all listed steps will result in denial of water service.**
- By signing below, acknowledges a Temporary account will be set up with a monthly Temporary Service charge of \$50 plus any water used until all Bethesda Water Supply requirements are met in order to establish Membership.
